HARBOR DAYS DRAWS 100's

On our cover and above are some of the busy events of the Harbor Days weekend. The swimmers tearing out of the water are finishing the first leg of the triathalon as they run toward their bikes at the top of the town wharf ramp for the second part of this race. The other shots will give some idea of the crowds attracted to the craft displays that covered the whole park area at the top of the wharf. Through the day on Saturday, scores of people enjoyed the events and displays.

Ned's Point Windsurfers: A Problem

MATTAPOISETT SELECTMEN'S MEETING
JULY 12, 1988-by VIRGINIA MORGAN

Meeting with Selectmen last Tuesday on the increasingly crowded condition at Ned's Point with windsurfers were Mrs. Gertrude Burr, Mr. and Mrs. James Bungert, Mrs. Raye Sawyer and Mr. and Mrs. Lewis Prouty, all residents of the area.

Mrs. Sawyer said she observed vans carrying many sailboards, one vehicle having a commercial plate. She felt sailboards were being rented at the Park, and this is a violation of zoning.

STRAWBERRIES
DRAW CROWDS
UNDER BIG TOP

The most popular event of Friday night had people standing in a long line and for many it was well worth the wait. The popular Strawberry Festival now combined with Harbor Days Celebration really packed them in until the last berry disappeared and the line had to disburse to the ice cream shack for a change of menu.

Selectman John DeCosta noted he saw on Sunday over a hundred cars, with probably 250 sailboards, and a trailer with six boards on it. They could possibly be hauling boards for friends, he noted.

Mrs. Bungert expressed concern that the marker balls had not been placed out this year where they were last summer when the problem of sailboarders first arose. Harbormaster Steve Mach said he will see to putting the marker balls out to designate the area where sailboarders could operate.

Selectman Bernard F. Talty said the situation has reached a saturation point and is completely out of control. He suggested limiting the number of persons on the beach and charging a fee, with a person in charge under the Recreation Committee.

Selectmen Chairman William F. Hubbard said, "I am 100 percent in favor of regulating but we have to check first with Town Counsel to be sure we don't have a liability problem. If we police Ned's Point, we would have to police Reservation Beach and the Town Landing. If we open up and charge a fee, we will have to open up the toilet facilities."

Chairman Hubbard said the facilities at Ned's Point have been replaced many times over the years and repeatedly have been vandalized. The cost to replace again would be approximately $500. One of the persons at the meeting suggested allowing 50 sailboarders in the Park at $10. per board to recoup the cost of repair to the toilets.

Mr. Prouty wrote to Selectmen noting that on Sunday, July 10th, Ned's Point Park had 120 vehicles (8 with Mattapoi-

sett permit stickers), two R.V.s and 300 to 500 people. "The park was congested and there were no bathroom facilties. Perhaps we should consider limiting access to the park and charge a fee ($3. in the past) for those non-residents. These fees could be used to maintain the park and bathroom facilities, and to fund the installation of an access control gate."

Chairman Hubbard said there is a 10 p.m. curfew in the park. "I am not in favor of a chain across the road, as the police cruisers check the area regularly all night."

Mrs. Burr wanted the 20 miles per hour speed limit signs replaced that have been lost. Selectmen will have them replaced.

In other business, Selectmen:

MET WITH Harbormaster Steve Mach to consider the new wharf regulations. Selectmen voted to approve the ones proposed by the Harbormaster, effective immediately. The full extent of the rules and regulations are lengthy and may be obtained either at Town Hall or from the Harbormaster.

MET WITH Police Chief James F. Moran to discuss the possibility of legal action on the damage done to the ambulance while at Mid-Cape Motors of Hyannis following a recall repair.

The problem concerns whether the cost to install a new engine is worth the cost of legal expenses to go to court, said Selectman DeCosta

The Chief said he had received a letter from the State Attorney General's office noting neither the Ford Motor Company nor Mid-Cape Motors has responded to their office's inquiry. "I think we are fighting a stonewall as far as bureaucracy is

concerned."

Selectman Talty reviewed the problem, saying, "In the first instance the ambulance, which has only 6,600 miles on it, was recalled for a repair. When it was being road tested, damage was done to the engine while on the road." He added, "In the second instance after the repair the ambulance did not perform due to sloppy maintenance by Mid-Cape Moptors. We had to rent an ambulance from STAT in New Bedford at a cost of $3,320. This is negligence on the part of the garage."

Chief Moran said that his feelings are that Mid Cape is the one responsible and not the Ford Motor Company. The ambulance still has to go back for minor repairs - the engine races. However, the Chief emphasizes, "The ambulance is perfectly safe."

The Chief noted Mutual Aid gave the town ambulance service free for the first few days. Then STAT took over. The Chief urged Selectmen to send STAT service a letter of thanks for their services, and for the special attention received from their EMTs.

RECEIVED TWO LETTERS thanking the Board for placing restrictions on parking at the wharf. Mr. and Mrs. Montgomery H. Throop III of 54 Church Street wrote, "As Mattapoisett residents and boat owners, we have become increasingly more and more distressed and frustrated over the difficulty of finding a place to park our car for the afternoon. We are in full support of your action and hope you will continue its enforcement." Mrs. Mary McEntee, 37 Marion Road, wrote, "I spend a great part of my day taking strolls along the wharf and enjoying all the sights and activities that the waterfront has to offer. I am finding it much more enjoyable now that the parking problem seems to be under control."

MET WITH Personnel Board members to "keep ahead of any future problems before the next annual town meeting", explained Chairman Hub-

bard.

Chairman Hubbard asked, "Have we got everybody where they belong? We want plenty of time before next year to deal with increases and other concerns."

Personnel Board Chairman Ridgeway Crouch noted there has been a problem since this year's town meeting pay the budgeted 5 percent increase, plus the extra 5 percent, making more than 10 percent as the second 5 percent was multiplied by the first 5 percent increase. "We have to look carefully at these increases or the person in the highest step could lose out on the final percentage increase next time."

On another matter, the town boards discussed the employee problem in the Assessors' office. Chairman Crouch sais his board had met with the Assessors in April and approved hiring a person with secretarial skills and not just clerical skills. She was hired in May and now she is leaving for a higher position in Marion.

Chairman Hubbard urged the Personnel Board to meet again with the Assessors to determine what duties the assessors require of a clerk, someone they can train and hopefully

NAMED Shellfish Constable Brian Nunes and Water/Sewer Superintendent William T. Nicholson to represent the town on the Buzzards Bay Advisory Committee. (This committee is working to clean up Buzzards Bay.)

WERE INFORMED by two letters from Police Chief James Moran of the "extra effort" police officers have made in their line of duty and beyond the line of duty.

The first letter concerns the July 5 tragedy in New Bedford Harbor when an overloaded boat capsized and a 5-year old boy was missing and presumed drowned. "Within an hour after the call for help, Officers Paul Sil-

viera, Mary Lyons and Joseph Faulkner and civilian Stephen Moran, who all have just recently been certified as divers were on their way to the scene to help in the search. On July 6, Officers Silveira, Lyons and Faulkner returned to the scene to continue the search. I feel that the Selectmen should be aware when such an extra effort beyond the regular task of being a police officer is done. As Police Chief, I am proud of my officers and my son, who took part in such an unpleasant task, but were ready when the call for help was received."

The second letter concerns the July 8th house breaks. "Once again, culprits who come into Mattapoisett to break into our homes have learned a lesson. On July 8th at approximately 3:30 p.m. officers were investigating a house break on Mattapoisett Neck Road and another one on Shipyard Lane. Both homes had been entered by kicking a door in and ransacking the house. An alert postal delivery person who had seen a suspicious person and vehicle had called the station with a description of the vehicle. All officers were given this information and a short time later off-duty Officer Anthony Days

spotted the vehicle and persons on Fairhaven Road, where another house break had been done.

"At the same time we received a call about a suspicious person in the Fairhaven Road area. Officers Robert Boivin and Joseph Faulkner were dispatched in the unmarked cruiser. At the scene they were met by Sgt. Donald Moran, who was also off duty and were informed Officer Days was in pursuit of the suspect vehicle. The suspect vehicle stopped and three people ran out of it. Officers arrested all three and a fourth suspect ran off into the wet marsh with Officer Days behind him. That suspect was also arrested in the marsh. The four suspects were all from Fall River, and were charged with breaking and entering three homes and attempted breaks into two other homes. In the suspect vehicle were all the items stolen in the breaks.

"I think this type of police work should not go unnoticed, and that the Selectmen should be aware of the caliber of police officers that represent Mattapoisett. I wish to commend all the officers who took part in this case, for a job well done."

The Selectmen agreed the Police Department does a great job and commended all the officers.

On a similar matter, a letter sent to Chief Moran from Henry A. Openshaw, Acting Fire Chief of New Bedford, was read thanking the divers Mattapoisett provided in the attempt to recover the 5-year old victim of the boating tragedy.

GRANTED PERMISSION to Kathleen S. Duncan for the use of the Gazebo at 11:30 a.m. September 24th to take wedding pictures. A request to direct her guests to park in areas near the Gazebo for the afternoon was denied. However, permission was granted to use the public beach parking lot during the wedding. Chairman Hubbard noted that the Mattapoisett Inn, where the reception will be held, can accommoted a sizeable number of cars.

RESPONDING TO A REQUEST from Elizabeth Kunz to allow parking at the Town Beach lot on her daughter's wedding day, August 6th, Selectmen noted guests may park at the beach lot only if there is room, as town residents come first on a Saturday in the summer.

NO ACTION was taken on a request from Barry Denham, 5 Park Place for help in having cable installed in his home. Chairman Hubbard noted this is private property and it will be the owner's responsibility to bring the cable lines from where it ends on the short street off Park Street to the Denham home.

Marion Selectmen's Meeting

JULY 12, 1988-by EUNICE MANDUCA
A Community Service by the League of Women Voters

At 7:00 P.M. Police Chief Brian Scott introduced John McGrath and John Torres as candidates for Special Officers' positions on the M.P.D. They were interviewed by Selectmen Chairman Ted Pratt and Selectman John Hoagland, and their appointment was voted.

James Neall, a local sailboarder, brought a map outlining dangerous areas in the vicinity of the Silvershell boat ramp. There are several large rocks which are covered by only 2 or 3 inches of water at certain tides and which could be extremely dangerous to boaters forced to bail out over these unseen obstacles. Mr. Neal requested consideration from the Marine Resources Commission (M.R.C.) to remove or flag the rocks. M.R.C. members Roger Walen and Toby Burr, who were present, will bring

Mr. Neall's concerns, and his diagram, to the attention of the full membership of the M.R.C.

Marine Resources Commission Chairman Roger Walen requested the Selectmen's input on plans to reconstruct Island Wharf. The $125,000 which was voted in 1986 is still available but the nearest bid for the project was $139,000. Selectman John Hoagland suggested that the M.R.C. schedule a public hearing to air their concerns and recommendations and follow with a special town meeting for additional funds. Mr. Walen also stated that Harbormaster George Jennings is continuing to interview for the position of Assistant Harbormaster.

Helen Westergard, Tax Collector, Treasurer and Clerk, introduced the Selectmen to her new staff members, Loretta Barber and Patricia Dopson.

Police Chief Brian Scott reported that signs have been placed on Converse Road to warn motorists of the school bus stop at the end of Old Knoll Road. The new cruiser has arrived. Chief Scott has not yet appointed a detective because he is still assessing his personnel. He doesn't want someone who is going to punch in at 8 a.m. and out at 4 p.m. The detective must have the interest and motivation to follow a case whenever and wherever it leads and obtain results. making newly developing Oak Street and Green Street one ways Chief Scott stated that he is not a traffic engineer but those ways seem very narrow to him. He will enforce any rulings made by the proper authorities.

Concerned residents of Hill Street, Oak Street and Green Street reported to the Selectmen on their efforts to obtain relief from the unacceptable condition of their roadways. Mr. DeMiranda and Mr. de Barrows reported that they didn't have much luck pinning down Arthur Thompson on a date for a survey of the area but Selectman John Hoagland had an immediate conference with Mr. Thompson who promised to set up the job for the week of July 18th. Mr. Bevilaqua will release the $4000. for work on the roadway and Mr. Iaciafano will allow room for a cul-de-sac on Oak Street. Mr. Iaciafano will lay water mains and blacktop his lots. Executive Secretary Ray Pickles said that the Telephone Company was reluctant to move the misplaced poles until after the new survey is completed but, now that Mr. Thompson's office will complete that phase, the poles will be next. Hill Street will be graded and paved to a width of 16 feet with a curb opening on Wareham Road of 31 feet. Because water lines and street drains must be completed, Oak Street and Green Street will not be paved immediately but the D.P.W. will make every effort to alleviate the most serious concerns of residents.

D.P.W. Superintendent Robert Zora reported that the Converse Road sidewalks are nearing completion and the white sideline will be painted immediately after. Recent poor water quality has been caused by the

Growth Management Committee

The Mattapoisett Growth Management Committee met on Tuesday, July 12th, at 7:30 p.m. at the Fire Station.

Chairman Peter Kortright and committee members discussed the sales agreement for the Nunes property. Everyone present desired that a "conservation restriction" be placed in the sales agreement to insure that the proposed golf course would always be "open space", not to be subject to any future development plans.

The committee was also very concerned about the impact of 125 houses on the service system of the town, especially the school system.

Clifford D. Tripp reported that the Mattapoisett sewage capacity was adequate for this development, but concern was expressed by the committee over the strain on future capacity.

Mr. Tripp stated, "We do not have

a water system study - a master plan to determine water needs for a growing population. We do not have the mechanical facilities to handle water for the proposed development of 125 houses on the Nunes property. The golf course, itself, would draw irrigation water from the already existing wells on the property."

Martha Peterson, Open Spaces, informed the committee that the Washington Nature Conservancy is interested in the property, along with the Massachusetts Audubon Society. The Conservancy would have to determine if the property is the natural habitat of any endangered species. "The town has 90 days left to consider the purchase of the property. To exercise our option would be a real boon for the town. It would mean open spaces and seashore recreational use for all residents. We really can't afford to let this chance escape us", remarked Mrs. Peterson.

Mr. Kortright plans to present the committee's concerns over this property to the developers, Mr. Keller and Mr. Davis.

1) There should be a conservation restriction on the golf course.

2) The design of the golf course should be state-of-the-art to minimize potential environmental damage.

3) Mattapoisett residents should

have deeded access to the beach area.

4) Do the developers plan to set aside acreage for the 10% affordable housing requirement - 13 houses?

5) Would the developer consider funding a professional planner to determine the total impact of this development on the town now and in the future?

Mr. Keller and Mr. Davis will be invited to attend the next meeting of the M.G.M.C. to address these concerns.

The last item on the agenda was the issue of having a Town Planner. The committee feels this town is in desperate need of a planner's professional expertise. The position of Town Planner received good support at the Town Meeting, but at the polls people seemed to have voted with their wallets. Mr. Kortright stated, "If the town desires a Planner, the state will provide a matching grant under the Incentive Aid Grant Program. If you are a resident who sees the need for a professional's expertise to guide the town through the next few years of rapid growth and development, please show your support by contacting the offices of William MacLean or John Bradford. A grassroot support campaign can greatly influence the state's dissemination of grant money."

The M.G.M.C. will attempt to place the position of Town Planner on the warrant for the special town meeting in September - our last chance to purchase the Nunes property for all the residents' use.

The next meeting of the Mattapoisett Growth Management Committee will be held on Thursday, July 28th, at

MARION SOCIAL CLUB BARBECUE - THANKS

The Marion Social Club entertained well over 100 of Marion's senior citizens on Sunday, July 10th, at a delicious chicken barbecue at the Mattapoisett Holy Ghost Campground. The members of the Marion Social Club put on a wonderful party complete with a great meal, many prizes donated by generous merchants, a band, and lots of warm camaraderie.

Marion's senior citizens eagerly await this fun day each year. They were certainly not disappointed. Even hot weather kept no one away. It just made the cold watermelon taste better. A nice breeze blew through the pavilion. Many seniors ended the day with dancing.

The Marion Council on Aging and the Senior Citizens of Marion thank all of the Marion Social Club. It is reassuring and pleasant to know that such a warm-hearted and caring

GRIEF RECOVERY PROGRAM

The Mattapoisett Council on Aging wholeheartedly recommends a Grief Recovery program sponsored by the Wareham Area Hospice Association which will begin on Tuesday, August 2nd, at the United Parish Church of Carver. Five sessions in this program are scheduled for August 2, 9, 16, 23 and 30 from 3:00 to 4:30 p.m.

This is the third Grief Recovery Program sponsored by the Wareham Area Hospice for those persons who have lost a loved one through death and are experiencing the difficulties related to such a loss. The purpose of the sessions is to help participants understand their reactions and learn to resolve their grief. Among topics included are Grief, Self-Esteem, Adjustment and saying Goodbye.

The leadership of the Program will include Melody Collis, RN, BSN, and Jill Cockrell, Bereavement Coordinator of Wareham Area Hospice.

Pre-registration is necessary. Those interested in attending or would like more information should call Wareham Area Hospice Association at 1-295-8544 between 9 a.m. and 4:30 p.m.

Mattapoisett Rescue Team

TO MATTAPOISETT RESIDENTS

On our last fund drive two years ago your generosity enabled us to achieve our goal of purchasing specialized ice and water rescue equipment. The Mattapoisett Rescue Team would like to continue to operate and expand our services in town. With your continued support we can make our 1988 drive the most successful ever.

The Mattapoisett Rescue Team's primary expertise is providing many forms of emergency assistance at accident scenes. It may be from gaining access to injured persons with the "Jaws of Life" to providing routine traffic control and the cleanup of debris. Among other services we provide emergency manpower, lighting, and communications at natural disaster scenes, missing person searches, and assistance at crime and fire scenes. We're the Talk of the Town
(and we like it!)

When we installed our new enlarger, we knew that, in time, people would be pleased to learn that they could order and receive, ON THE SAME DAY, an enlargement of a favorite picture (negative or slide). What even WE did NOT know is how great the work would look and how quickly you would respond to this new service. The prices haven't changed but the quality of work AND the speed is now the BEST it can be. We are grateful to those of you who tell us this, every day, and we extend an invitation to the rest of you to find out for yourselves why THE SHUTTERBUG is REALLY your one-stop camera store.

operating funds. Your past donations have allowed us to purchase specialized state of the art life saving apparatus and to perform much needed maintenance on existing equipment. A problem we now face is the reliability of our aging communications system. In order for our volunteers to effectively respond to emergency situations, we must have reliable two-way radio and paging equipment. This equipment is vital and necessary for the continued reliability and efficiency of the Rescue Team's operation.

Your support in the past has demonstrated the concern you have to keep our community current in emergency services.

Thank you. The Mattapoisett Rescue Team, Box 218, Mattapoisett

Veterans Up-Date

VA Changes Payment Policy to Assist Pensioners: An an effective measure the VA has been making pension payments quarterly, semi-annually or annually when annual pension payments are $228. or less. This has inadvertently caused the denial of other federal benefits based on income (such as Medicaid) on the month the payment is received.

This regulation has been changed to allow monthly payments if eligibility is jeopardized by less frequent payments. Pensioners who come within this category may change payment frequency by calling (in Mass.) 1-800-556-3893.

to alter a non-conforming lot and for change of an existing non-conforming use to an ice cream parlor use on a portion of the Mattapoisett Inn property of the applicant was denied. The one-story structure contains 3 rooms used for lodging as part of the Inn business use. The ice cream parlor business would be conducted by the applicant's sister, Jocelyn Demakis da Luz, and family.

A substantial number of area residents and neighbors appeared at the public hearing and spoke in opposition to the application. The application was denied as the Board found the operation of the proposed ice cream parlor and use of a portion of the property would overlap in time with the main inn business. Peak use hours of the ice cream parlor and restaurant and bar, especially in the summer and weekends of spring and fall, and wharf activity nights, would create an area of congestion, noise and litter to the detriment of the neighborhood and would con-

stitute a danger to the safety of pedestrians.

The petition of John B. and Louise H. Rogers, 26 Fairhaven Road for a variance from the 450 square foot area limitation for display of business space to 1300 square feet was granted. W. Richard and G. Jane Gordon, 15 Hereford Hill Road are parties to a purchase and sale agreement with the petitioners to purchase the property at 26 Fairhaven Road. The Gordons propose to occupy the second floor as their residents and to conduct an interior decorating business under the name and style of Saltmarsh Interiors, Inc. throughout the entire first floor, using the first floor principally for a display area for their business.

The Board found that the limitation of 450 square feet would result in an inadequate display area for the interior decorating business and an uneconomic lack of use of the substantial remaining floor area.

EXPLORE SALT POND

Come explore a pristine salt pond with the Lloyd Center for Environmental Studies. On Saturday, July 23rd, from 9 to 4 we will canoe Allens Pond. Allens Pond serves as a nursery for many fish and shellfish as well as the nesting grounds for many species of birds. During low tides many birds will come to the exposed mud and sand flats to feed on worms, crabs and other invertebrates as well as fish in the shallow water. This is an excellent opportunity to learn about the natural history of this secluded pond. Registration is required and limited. The fee for this trip is $10. for Lloyd Center members and $12. for non-members. Some canoe space is available at $3. per person. For more information and registration please contact the Lloyd Center at 990-0505.

XERCES SOCIETY 14th ANNUAL BUTTERFLY COUNT

On July 24th, Mark Mello, Research Coordinator at the Lloyd Center for Environmental Studies, will be leading a team of butterfly enthusiasts on an all-day excursion through several different habitats as part of the 14th Annual Butterfly Count. The count is sponsored by the Xerces Society, a butterfly conservation society.

Open 9:30 to 5:30 Monday through Saturday

Each year a fixed itinerary is walked and all the butterflies which are encountered are identified and their numbers recorded, much like the Audubon Society's Christmas Bird Count. Volunteers are sought who would be willing to join us for a full or half-day. The ability to identify this area's 75 or more species is not necessary, but some familiarity with butterflies or the ability to discern between the more common species (even if you can't put a name on them) would be very helpful. This is an excellent opportunity for those who would like to know the names and habits of our more common species.

Participants will meet at the Lloyd Center for Environmental Studies at 9:00 a.m., where carpooling to the various sites will be arranged. Necessary equipment will be supplied, but participants should bring a hat with a visor, long pants, water, and their favorite mosquito repellent.

There is no fee for the Butterfly Count. Those interested should register at the Lloyd Center before July 23rd (telephone 990-0505) as the group will be limited to ten people. More information can be obtained by asking for Mark Mello.

GLOUCESTER HORNPIPE & CLOG SOCIETY

The Gloucester Hornpipe & Clog Society will perform at Heritage Plantation of Sandwich on Sunday, July 24th, at 2 p.m. on the Outdoor Concert Green.

The airs the Gloucester Hornpipe & Clog Society likes to put on are musical. Otherwise, the traditional folk music band is casual and fun-loving. With a variety of instruments the six band members play a variety of music: jigs, ballads, sea chanteys love songs, comic tunes and some songs they have written themselves. Most of their music comes from Ireland and the British Isles, with a mix

"Anything Goes", a zany musical, features the ever-popular Cole Porter songs, "You're the Tops", "I Get a Kick Out of You", "Blow, Gabriel, Blow", and the title song, "Anything Goes". The book was written originally under the title "Bon Voyage" by Guy Bolton and P.G. Wodehouse, and told the tale of passengers on a steamliner that encounters a disaster at sea. After the very real marine disaster in 1934, the sinking of the S.S. Morro Castle off New Jersey, the show was hastily rewritten by Howard Lindsay and Russel Crouse, who went on to become a famous playwriting team.

The Zeiterion's final production for the summer season will be the all-singing and all-dancing extravaganza, "42nd Street", August 18-20.

All three musicals this summer are being produced by the Zeiterion's creative team led by artistic directors George T. Charbonneau and Armand R. Marchand along with Musical Director Donald L. Vasconcelles. Clay James is responsible for the staging and choreography of the musical sequences.

Marion Conservation

MEETING OF JULY 13

Raymond Audette, Olde Meadow Road, continued to July 27. A site visit is scheduled for Sunday, July 17th, to check new wetlands delineation.

Sherman Briggs, Point Road, continued to July 27. The Commission could not discuss this project for lack of a quorum. Three Commissioners were absent, and Chairman Rockwell, as an abutter, had left the room.

Marion Center for Human Services Wareham Road - closed. The Commission accepted the wetlands delineation provided.

Claude Hoopes, Piney Point Road - continued to July 27 for lack of a DEQE file number. The project itself is acceptable.

J. Burr Bartram, Converse Point - hearing delayed 30 minutes for lack of quorum, Commissioner Menzel having disqualified herself for possible conflict of interest. On the arrival of a fifth Commissioner, the hearing

Orders of Conditions were issued to Stephen Giglia of Planting Island. A Conditional Negative Determination was issued to Indian Cove Trust. The Commission began work on Orders for Donald Torres, Dexter Road; and Traditional Homesteads, Inc. of North Front Street. Work on these will continue on July 27.

A Certificate of Compliance requested by Michael Kenney for office condominiums at Creek Road and Wareham Road was refused. An Enforcement Order was issued to Mr. Kenney for failure to provide adequate siltation protection at Cove Street Extension. The latter issue was referred to Town Counsel.

The ConComm discussed its recommendations to the Open Space Committee, and reached consensus on sites the Commission would like to see purchased by the town for wildlife refuge and nature conservation.

On Sunday, July 17, at approximately 11 a.m., the Commission will visit Planting Island Causeway to consider improved management of that

"What Buzzards Bay Means to Me"

The following essay by Laurie Nye in grade 11 at ORRHS won first prize in the high school division of the Coalition for Buzzards Bay Day Contest.

WHAT BUZZARDS BAY MEANS TO ME

Last summer I worked on the waterfront at a day camp. I enjoy being a lifeguard because the reward of teaching a child to swim is most fulfilling. But the job is challenging and often frustrating.

One day the camp director introduced me to a little boy who didn't want to be at camp. The boy was quiet, withdrawn, and he had tears in his eyes. The director told me later that he had hydrophobia. I was assigned to this boy because I had past experience working with such cases.

The next day, with a little reassuring, I coerced him to play on the beach with me. The child smiled from ear to ear as I complimented him on his beautiful sandcastle. I realized

that he was getting used to standing near the water. To see how far he was willing to go, I told him that a castle is not complete without a pool. I dug a large hole behind the castle and picked up a sand pail. I ran down to the water and filled the hole. As the water evaporated into the sand, I handed him the bucket and said you had better hurry and get some water or the pool will dry out.

Unconsciously he ran down to the water's edge, filled the pail and ran back to fill the hole. This small accomplishment was a giant step in the right direction for him.

At the end of the summer I had gotten him to swim with the use of a life jacket. The camp director rented a boat and we went sailing on Buzzards Bay. By now the child trusted me. Because it was a hot day we decided to pull up to a shallow, sandy area and allow the campers to swim. I placed the life jacket on the little boy. By this time everyone else was in the water. The little boy looked up at me, smiled, and stood on the edge of the boat. He really surprised me when he jumped into the water. He then doggy-paddled to shore. Whenever I find myself in a situation where I am scared, I think

and until September 2nd, from 2 to 4 p.m. Monday through Friday. Dorothea Paull and Edith M. Hunt are coordinators.

Guides include Jean Briggs, Jack Masten, Rachel McGowan, Miriam and Charles Nealy, Leonard and Betty Pierce, Nancy and Bob Stanhope, and Sue Zartman. Hostesses are Martha Berg, Murrel Black, Alda Hayward, Erma Hynes, Betty Knowles, Marian Perregaux and Amy Rogers.

The Fairhaven church, begun in 1901 and completed in 1904, has been called the finest example of 15th century English Gothic, perpendicular style, in the U.S. It was the gift to the town of the late Henry Huttleston Rogers, Standard Oil Company magnate and Fairhaven native, who built it in memory of his mother, Mary Eldredge Huttleston Rogers.

Exterior and interior limestone sculpture is the work of a team of artisans brought from Italy for three years. Interior wood carvings, accomplished by Bavarian and German artisans are of rare English bog oak.

Mosquito Control Project

The Plymouth County Mosquito Control Project reminds the residents of member communities that they can call the Project to request a spraying for adult mosquitoes. Calls should be made between the hours of 9 a.m. and 4 p.m. Monday - Friday. The Project sprays for mosquitoes between 4 a.m. and 8 a.m.

The Project will also check the area for potential mosquito breeding sites. Sites that are found to be active will be treated by the Project's licensed personnel.

Homeowners may provide some relief from mosquitoes by identifying and eliminating some common breeding sites on their own property. Mosquitoes may breed in discarded tin cans, old car tires, clogged gutters, and other sources of standing water.

For further information call the Plymouth County Mosquito Control Project at 585-5450.
